Todd, just getting the December shipment put together. Not certain if Stamey ever calls you, but if he does, let's coordinate on the pricing.

Brandon Webb (7175426985)

Ran out of steam last night and started at 6:00am this morning with Prewitt

Looks like things are coming together and we have a buyer coming in on Sunday or Monday that wants 2,000 head

12/2/16 11:03 AM (Viewed 12/2/16 11:05 AM)

All told, we will need a spot to park 2,500- 3,000 head of beef opens

There is 4,849 lbs between our real weight and his invoice based on 2lbs per day

1/24/17 3:06 PM (Viewed 1/24/17 3:07 PM)

Brandon Webb (7175426985)

Or \$6788.60

1/24/17 3:07 PM

Brandon Webb (7175426985)

Those cattle aren't leaving tomorrow. They don't have brand papers or health papers to get back into Montana. Also the bill needs to be paid in full. Missing cattle the broken leg a crippled Hfr of mine the one you guys killed and I found a prewitt Hfr in a different pen today. Another count on the rejects might find the rest. As far as the feed you said Davis owns the cattle they need to pay the 2990\$ for feed. The 3 bales of hay are the ones put in sat. Extra brand inspec is for going back to Montana. Jacob is checking on health. Brand inspec should be 442\$ not 698\$. I'll give you the diff in yardage. No cattle leave until paid in full.

Jeff I just sent your wire to pay you in full. I will have trucks there around noon tomorrow to load all cattle that are left, my understanding is 296 head. We were right on the deadline for sending that out so you may not receive it until morning. Either way it will be there well before the trucks arrive. Any questions call me.

Please call me when you can- once I factored the numbers, I have the shortfall to you at \$638,000 as of loading with all but 200-250 unsold heifers waiting to be paid for more than two weeks out

1/31/17 12:16 PM

Brandon Webb (7175426985)

But we need to discuss the exact flow of the money as we have the vessel to consider to unlock all the funds tied up in LC

1/31/17 7:05 PM

Brandon Webb (7175426985)

Todd, I've worked many different scenarios and I can't see a way where seven figures isn't loss if we back up now. I've called all our money guys and will see from them tomorrow, but if the vessel is arrested, I'm certain it will take days to resolve which is even more demurrage. Let's talk in the morning- I plan to be up most of the night trying to work it out

Brandon Webb (7175426985)

Todd, whatever is owed is owed and you will be paid in full. That has never been nor will it ever be in question. The situation has been difficult in Turkey for weeks and as you can see, almost all buyers have been delayed with LC openings and payments. I can detail all in an email, but at this stage I'm reliant on buyers in Turkey. They will perform. It's just a matter of when.

3/6/17 7:38 AM

Todd's iPhone (+14357700403)

Brandon I need an accounting of where the rest of my money is coming from. I still have not received the 2 largest L/Cs which account for a significant portion of it. You have said numerous times the last several days you were going to check on them. I believe it was last Thursday you said you were in the bank taking care of the \$850K L/C and would send me a copy of the swift code confirming that. As you are aware I only received a portion of one cash payment out of several that you led me to believe were coming my way to get me to release cattle for loading. I demand that you follow through with these commitments immediately or I will take legal action to secure my position on this. I have been in contact with Embassy staff about lodging a formal complaint with Turkish authorities over this. I look forward to hearing from you.

3/6/17 7:52 AM

Brandon Webb (7175426985)

Todd, I will contact Wells Fargo today, but absolutely operations at Garanti Bank released payment for the 555 head. I requested a SWIFT but was not provided. Additionally, the TARIMAS payment was released. The process of changing buyer permits (from buyers that can't pay to buyers that can pay) has become more complex than we thought- Murat is at the Ministry resolving.

3/6/17 7:53 AM

Brandon Webb (7175426985)

Murat and I have been very focused on solving the issues at hand and safely discharging the cattle

3/6/17 7:54 AM

The \$430 is one issue getting resolved. We have approximately 2000 discharged and 1100 on board to be discharged tomorrow. We were told all these issues were resolved inside the Ministry at load out

3/6/17 8:02 AM

Todd's iPhone (+14357700403)

What is the issue??

3/6/17 8:03 AM

Brandon Webb (7175426985)

Lidersan is buying 200 head- buyer sent \$75,000 and couldn't come up with balance

3/6/17 8:03 AM

Todd's iPhone (+14357700403)

And is there more demurrage for the ship sitting in port waiting

3/6/17 8:08 AM

Brandon Webb (7175426985)

Erdas has the permit for 450 head- Dara was intending to use the same farm in order to purchase 300 from the 450. The Ministry has yet to issue his permit despite it being promised weeks ago. Two other buyers had slight differences in breed count (bought 100 Red Angus and 100 Charolais) instead of 200 Charolais. Again, should be a simple change and one we made many times in the Ministry. But, somehow, it's been a fight this shipment

3/6/17 8:08 AM

Brandon Webb (7175426985)

Right now, I have 40 angry truck drivers and need to get feed delivered tomorrow morning

Just finished with customs and the attorney we hired here

3/16/17 5:45 AM (Viewed 3/16/17 5:48 AM)

Brandon Webb (7175426985)

Option 1: We refuse acceptance of the cargo. Customs seizes the cargo and send to slaughter immediately. Owners receive no compensation for the cattle
Option 2: We refuse acceptance of the cargo. Custom refuses to accept the cattle and the cattle must leave Izmir Port to another country
Option 3: We accept the cattle under customs. We pay the import tax of 7.8% and the cattle are transferred to the farms of the original buyers. Cattle are fed and customs makes a decision at a later date when the heifers will be slaughtered and if they will compensate the importer for feed or not. Tax is refunded when heifers are slaughtered. No guaranteed compensation for the cattle
The only option for Turkey is we choose option 3 and then take it to court immediately. Murat says there is precedence and that others (2-3 examples) have solved their issues with customs post-discharge. The other issue becomes the customs process may take 2-3 days which is additional demurrage

3/16/17 5:46 AM (Viewed 3/16/17 5:48 AM)

Todd, Murat met with a buyer this afternoon that we may talk into making a cash deposit next week on a shipment-either from the US or South Brazil. Can't promise but we are working

Unfortunately, I'm pushing the vessel owner to sail without payment so we have more time, but they are resisting. They are pushing me to see a wire confirmation for \$230,000 before setting sail to Abhazya

Brandon Webb (7175426985)

Todd, good morning. I spoke to Murat last night and advised him of the criticalness of incoming payments as soon as possible. I proposed the following steps: 1) After his meeting with Saklibahce on Sunday, his office should provide a letter stating the exact date the balance in full will be paid. Additionally, they should state their acceptance of a penalty of \$5,000/ week if payment is executed after the guaranteed date. 2) We have buyers willing to make cash deposits for pregnant heifers from Uruguay- we will package the Turkish inventory of 350 head with these offerings at one average price in order to obtain cash as quickly as possible. 3) Murat will travel to Abkhazia once Turkish contracts are signed in order to push for that transaction to be finalized. Also, as discussed, the mining company from Izmir is going back to Abkhazia to negotiate the land/ tax agreement with the government there that would allow them to purchase our cattle and another 4,000

Brandon Webb (7175426985)

Unfortunately, Murat had to fly to Lebanon to arrange with a vessel owner- he spoke to Saklibahce over the phone and explained the immediate need for a letter and a meeting when Murat returns to Istanbul on Wednesday

5/15/17 7:47 AM

Todd's iPhone (+14357700403)

I'm getting sick of this bullshit, A different story every time we communicate. If we do not get that payment this week and some type of guarantee on the balance I'm going to take action. I can assure you that I can make it difficult for you to do business in the US. Not to mention that I will absolutely NOT be involved in any future dealings with you. It's your call.

5/15/17 7:50 AM

Brandon Webb (7175426985)

Todd, we are pushing to solve the current outstanding balances

5/15/17 7:52 AM

Brandon Webb (7175426985)

By pushing Saklibahce and the others, but also by securing contracts that are with cash deposits

5/15/17 7:53 AM

Todd's iPhone (+14357700403)

Brandon I have been more than accommodating in this deal, not to mention putting up the additional \$230K to salvage the deal on the 450 head. You and I both know you had not one person willing to help you on this and I did!! I still think I have been mislead from the beginning about the financial arrangements on this shipment and still committed a huge amount of cash to help you make it work. It's time to make it right!!!!

5/15/17 7:54 AM

Todd's iPhone (+14357700403)

This week!

5/15/17 8:03 AM (Viewed 5/15/17 8:12 AM)

Brandon Webb (7175426985)

Todd, both Murat and I have been evicted from our homes and office in NY. We aren't holding back a single dollar. These bastards in Turkey are killing us with the delays

5/16/17 5:24 PM

Todd's iPhone (+14357700403)

I just spoke with them. Here's the specific problem. They were depending on the funds to close on a home. When they didn't come (earlier) they were able to obtain an extension to May 15th (so now they are out of contract too). They have \$100k earnest money at risk and the seller of the home wants a \$25k penalty to go back under contract and close within the time you've requested. So they are already "out" \$25k chasing their \$100k. So they basically said they need all of the \$400k now or they'll extend you for 10 days for \$25k to repay them for the penalty caused by the delay. This is such a domino effect in so many directions. Let me know what you'd like to me to tell them.

5/16/17 5:25 PM

Todd's iPhone (+14357700403)

This is the kind of problems this deal is causing me!

5/16/17 5:28 PM

Brandon Webb (7175426985)

Let me ask Murat if Saklibahce can send a partial payment this week from his own cash flow regardless of what happens with the bank

5/16/17 5:28 PM
